INC.**

Nothing compares with the richness of reading history written for the journals of the day—written by the people who were living when it happened . . . whether it happened in 1760 or 1960!

And nothing compares with the ease, speed, and comfort of reading it on MICRO PHOTO microfilm . . . with its large, clear image.

We're proud of our history of pioneering developments and improvements which have enabled us to bring to you and your patrons many advances in the field of newspaper microfilming.

If you are thinking about microfilming some of your own newspaper holdings, or if you are planning acquisitions of educational historical journals, or the more important current newspapers . . . MICRO PHOTO is your largest and best single source.

With Micro Photo newspaper microfilm in your library, you are making available one of the most efficient research tools in existence today.
